

THE HOSPITAL RETAIL TOOLKIT

Contents

	Executive Summary	1
	UNDERSTANDING THE RETAIL CLINIC MODEL	
CHAPTER 1	INTRODUCTION	3
	Purpose of this toolkit.....	3
CHAPTER 2	USING THE GUIDE AND TOOLKIT.....	5
	Determining goals for using retail clinics or their operating principles	5
	Educating your hospital board or executive team on retail clinics, the opportunities, risks, and the process to decide if and how to use retail clinics.....	5
	Using the guide.....	5
CHAPTER 3	THE RETAIL CLINIC MODEL AND HOW IT DIFFERS FROM OTHER MODELS OF CARE.....	7
	The care and business model for retail clinics staffed by nurse practitioners.....	7
	Retail clinic scope of service with nurse practitioners	8
	Expanded scope of service retail clinics with physician-based models	8
	Facilities Model.....	8
	Technology	9
	Referral Relationships	9
	Finding a nearby retail clinic.....	9
CHAPTER 4	UNDERSTANDING HOW RETAIL CLINICS DIFFER FROM OTHER CARE OPTIONS: ED, URGENT CARE, PRIMARY CARE PHYSICIAN	11
	Emergency departments vs. retail clinics	11
	Urgent care vs. retail clinics.....	11
	PCP vs. retail clinics.....	12
	CRAFTING A STRATEGY	
CHAPTER 5	ASSESSING HOW HOSPITALS CAN USE A RETAIL CARE MODEL TO SERVE NEW OR EXISTING POPULATIONS.....	13
	Serve existing hospital patients or new patient populations	13
	How to decide to use a retail clinic or their operational principles -- five critical assessments.....	13
	Three primary choices for hospitals to use retail clinics.....	14
	Is the primary goal to improve service to existing patients at your clinic?	15
	Lessons from retail clinics that hospitals (and other providers) may leverage.....	15

	Lessons from retail clinics that hospitals, employers, and specialty providers are using	17
	PowerPoint presentation on lessons from retail clinics that hospitals, employers, and specialty providers are using.....	17
	Creating new capacity for existing patients with a retail-like clinic in or near a hospital facility.....	18
	Reducing uncompensated care with a retail-clinic in or near a hospital facility.....	18
	Incremental capacity to increase patient satisfaction and reduce uncompensated care with referrals to retail clinics	19
	Creating a referral arrangement with an existing local retail clinic to attract new patients	19
	Attract new similar patient populations.....	19
	Attract new and different patient populations	19
	Additional goals for integrated systems.....	20
	Attract new and different health plan enrollees.....	20
	Improve patient satisfaction and reduce costs in the integrated system	20
	Drive changes in public health	20
	Options for hospitals to use retail clinics or their operating principles to serve existing patients.....	21
	Options for hospitals to use retail clinics or their operating principles to attract new patients.....	21
	Presenting retail clinics and the opportunity and risk to your board or executive team	21
CHAPTER 6	CREATING THE RIGHT SERVICE OFFER	23
	Determining the service line	23
	Deciding on a name and branding strategy for the retail clinic.....	23
	Creating the right design or “look and feel” for the patient experience	24
	Setting a price point.....	25
	Working with insurance carriers.....	25
	Testing a service, brand, name, pricing, and payment options	25
	WORKING WITH RETAIL CLINIC OPERATORS AND RETAILERS	
CHAPTER 7	UNDERSTANDING AND WORKING WITH EXISTING RETAIL CLINIC OPERATORS	29
	Overview of retail clinic operators.....	29
	Listing of clinic operators interested in working with hospitals.....	29
	Types of clinic operator-hospital partnerships	29
	A basic partnership: working with existing external clinic operators for cross referrals ..	30
	A co-branding partnership: working with existing external clinic operators for a market presence	31
	A joint venture partnership: financial and other contributions from both clinic operators and healthcare systems	32
	A managed services agreement: creating a hospital branded retail clinic operated by an external clinic operator	32

	Selecting the optimal hospital-clinic operator partnership -- what resources is the hospital willing to commit?.....	33
CHAPTER 8	SECURING A RETAIL HOST	35
	Using a retail location for a retail clinic	35
	Understanding retailer motivations to host a retail clinic.....	35
	A retailer’s perspective on the economic arrangements with retail clinics	36
	Understanding a retailer strategy with retail clinics.....	37
	Finding suitable retailers -- national players versus regional chains and independent drug store or grocery retailers.....	37
	Smaller regional hospital or healthcare systems often pursue local or regional retailers..	38
	Larger regional hospital or healthcare systems often pursue regional or national retailers	39
	Finding local retailers	40
	Assessing a retailer as a potential host.....	40
	Presenting a retail clinic concept to a potential retailer host.....	41
CHAPTER 9	SELECTING STORES WITHIN THE RETAILER’S NETWORK.....	43
	Criteria for selecting stores	43
	Consumer purchasing data can assist in store location options	43
	UNDERSTANDING THE CONSUMER DEMAND	
CHAPTER 10	FORECASTING DEMAND FOR EPISODIC ACUTE CARE RETAIL CLINIC SERVICES	47
	Demand from patients using a healthcare system’s existing ED and/or PCP network...	47
	Demand from patients outside of the healthcare system to the retail clinic.....	50
	Patient surveys	50
	Suppliers of online patient surveys	50
	Creating and deploying a survey -- do it yourself or with assistance.....	51
	Costs of consumer surveys	51
	Reading the survey results	52
	Other uses for the survey tool and results.....	52
	FORECASTING THE FINANCIAL COMMITMENT	
CHAPTER 11	CALCULATING THE COST OF CREATING AND OPERATING A RETAIL CLINIC	53
	Operating costs of retail clinic models -- a quick estimator.....	53
	Calculator tool to determine the operating costs of retail clinic models -- a detailed estimator	54
	Capital costs of retail clinic models	54
CHAPTER 12	CALCULATING REVENUES OF A RETAIL CLINIC	57
	Calculator tool to determine the revenues of a retail clinic	57

IMPLEMENTING THE RETAIL CLINIC

CHAPTER 13	DETERMINING A NURSE PRACTITIONER STRATEGY	59
	NPs are central to the consumer service and clinic differentiation	59
	Availability of NPs	59
	Determining the cost of local NPs.....	59
	Other Staffing Challenges	59
CHAPTER 14	CREATING A PILOT PROGRAM TO TEST A RETAIL CLINIC	61
	Using a pilot program to test and refine the service offering, location, branding, and decision to operate with or without a partner	61
	Creating measures to determine success of a pilot program	61
	Creating measures to determine success of a pilot program for an integrated payer-provider system	62
	Creating measures to determine success of a pilot program for the retailer	62
	Selecting a market for a pilot program.....	62
CHAPTER 15	MARKETING COMMUNICATIONS GUIDE AND TOOLS FOR RETAIL CLINICS.....	65
	Communicating to your current patient population	65
	Communicating to a new patient population.....	65
	Sample outreach or marketing communications tools for patients.....	66
	Communicating to store personnel	66
	Communicating to the medical community.....	67
	Communicating to the wider community.....	67
	Communication campaign planning.....	67
	WORKING WITH THE RETAIL CLINIC INDUSTRY	
CHAPTER 16	LEARNING FROM HOSPITALS OPERATING THEIR OWN CLINICS.....	71
CHAPTER 17	CREATING MEASURES OF SUCCESS FOR A RETAIL CLINIC	77
	Quality of care measures	77
	Patient satisfaction measures	77
	Economic impact of the retail clinic.....	77
	Operational measures.....	78
	Overall impact of the retail clinic on the hospital or system	78
	List of measures for retail clinics.....	78
CHAPTER 18	MAXIMIZING ANCILLARY BENEFITS OF A RETAIL CLINIC FOR A HOSPITAL SYSTEM.....	81
	Creating a channel for new business lines.....	81
	Piloting new technology skunkworks with people who embrace change.....	81
	Understanding the Generation X patient	81

CHAPTER 19 ASSESSING THE VALUE AND BENEFITS OF THE
 CONVENIENT CARE ASSOCIATION 83
 The Convenient Care Association 83

THE FUTURE OF RETAIL CLINICS

CHAPTER 20 THE FUTURE OF RETAIL CLINICS 85
 Consumers are driving this retail clinic trend 85
 How are state regulators responding to retail clinics? 86
 What role will technology play? 86
 Will retail-based clinics move into chronic disease management, diagnostic testing,
 wellness, and other consumer health services? 86
 The pace of expansion may drive an expanded scope 87
